

METHOD OF PREPARATION OF THE PAPERS

Submitted papers will be evaluated as oral and poster papers.

Abstracts will only be accepted from the website. Please use the summary submission form on the website. A sample abstract Word file has been prepared on the congress website. Prepare your work by taking this work into account.

It will not be accepted as a declaration to the congress even if it has been submitted to another congress before, printed as an article or its summary has been published.

The abstract should be written in English or Turkish within the limits of the abstract form. The abstract should be at least 200 and at most 250 words.

Full texts must be sent to the e-mail address sent to the authors by the relevant authors within one week following the end of the congress, not exceeding 8 pages, including the bibliography, a sample of which is shown on the congress website. The ISBN number will only be given to full text books (FULL TEXT SUBMISSION IS NOT MANDATORY IN OUR CONGRESS). IN THE FIRST PART OF THE CONGRESS PAPER BOOK, FULL TEXTS ARE INCLUDED AND IN THE SECOND PART, SUMMARY TEXTS ARE INCLUDED).

The names and surnames of the authors must be clearly written.

The institution information of the authors should be clearly stated in all summary studies, and the information of the authors should be entered completely in the information panel on the web system. The e-mail, institution, telephone and other contact information of the authors whose names are included in all papers and posters should be fully recorded while registering in the system. Since all information about our congress will be made through your membership information in this system, our congress will not be responsible for any problems that may arise due to a possible information problem. All membership information must be entered into the system completely, completely and accurately.

Summary titles must be written in large characters. It should be in the form of 12 points. THE font in the entire paper should be written in TIMES NEW ROMAN.

Poster works should be 70x90 cm in size and should be prepared with summary, introduction, purpose, scope, method, findings and result content. At the top of all posters, the name, surname and institution information of the authors should be stated in order under the subject of the study.

Accepted and presented papers and posters will be announced on the website of the congress after the congress and the paper book will be sent to all participants as "PDF". No papers and posters that are not presented even if they are registered will be included in the congress summary book. All participants must submit their posters and papers. The fact that he/she has registered does not mean that his/her papers and posters will be printed in the summary book. For whatever reason, the presentation will not be included in the abstract book of our congress and the author and participants will not be able to make a request on the management of our

congress. All participants must act in accordance with the relevant scientific program and make their presentation.

Participants can present the papers and posters they want to present as "ENGLISH or TURKISH". The studies prepared in the language in which the presentation is to be made should be uploaded to the website of our congress and should be awaited to be sent to the referee evaluation. According to the result of the referee evaluation process, the participants will submit their papers verbally or poster to our congress. If the referee is in a negative situation after the evaluation, the notifications will be REJECTED. Rejected papers will not be included in our congress. Participants and authors cannot make a request and sanction on our congress. These rights belong to our congress unilaterally.

The papers and posters accepted in our congress will be uploaded to the journal by being a member of the relevant publication websites in our international refereed journals announced on our congress website and the relevant publication will be published in the relevant issues sequentially as a result of the evaluation of the relevant field editors and referees. The authorization in this regard belongs unilaterally to the journal editors and management. There is no sanction with any convenience that the papers accepted in the congress will be published in journals. The journal process will continue in the normal procedure. Under no circumstances will magazines be allowed to go outside their own rules. Acceptance and presentation of papers does not mean that the relevant papers and posters will be published in the relevant journals. The papers presented by the participants in our congress will be supported by the relevant scientific sponsoring journals, and the relevant participants will be supported in their publications in accordance with the journals' own standard procedures. This does not mean that the relevant papers of the participants of the congress and the participants whose papers are accepted at the congress will be published in the relevant journals. The relevant journals may not accept or reject the papers accepted and presented in our congress. This authority belongs unilaterally to the relevant journal and its management.

OBLIGATORY NOTES AND CONDITIONS FOR ALL AUTHORS

NOTE: Dear participants, "ETHICS COMMITTEE and INSTITUTION PERMISSION" must be obtained in the scientific studies prepared for the application, research and case "HUMAN, ANIMAL, service and OTHER MATERIAL" studies. This requirement applies to all work. There is no such obligation for literature and review studies. In the studies produced from the theses, the name of the relevant thesis advisor must be included in the study as the second author. In the studies produced from the theses, the approval of the consultant has been obtained and the name of the relevant consultant must be included in the study. In this regard, all participants are responsible and liable for the works they send to our congress. All liability for legal and other problems that may arise belongs to the author who unilaterally uploads the publication and work to the system. Our Congress reserves all legal and other rights against such negativities. It is looking for the condition that the studies sent to our congress have not been presented, rejected and published in another congress before. Studies in accordance with

these conditions were accepted by the relevant participants in line with the studies they uploaded to the system and evaluated.
